Capital University’s Department of Health and Sports Sciences invites applications for a full time, term position in Exercise Science beginning August 2015. The successful candidate will have earned a Master’s degree in Exercise Science, Exercise Physiology, Kinesiology, or related field. ACSM and/or NSCA certification preferred. Candidates should have a commitment to excellence in undergraduate teaching in liberal arts education.

The successful candidate will teach courses, advise students, direct the CapFit Employee Wellness Program in conjunction with a junior practicum course, and continue the development of the Exercise Science Lab with both internal and external funding. Candidates with interests in interdisciplinary collaboration, grant development, and mentoring undergraduate research are strongly encouraged to apply. Experience and interest in teaching courses in exercise physiology, biomechanics, exercise prescription, and principles of strength training and conditioning is preferred.

Capital University offers a rich benefits package that includes medical, dental, retirement, family education benefits, long-term disability, life insurance and free parking.

**Application Process:** Interested candidates should send: 1) a letter of interest relating educational experience, 2) teaching philosophy, 3) curriculum vitae, 4) undergraduate and graduate transcripts, and 5) three letters of recommendation.

All applications and inquiries about the above position should be directed to:
